Division 50—External conduct standards

Subdivision 50-A—Preliminary

50.1 Simplified outline—how the external conduct standards apply

The external conduct standards support registered entities in fulfilling their objectives, by providing a minimum level of assurance that they meet public expectations in relation to the conduct of a registered entity when it undertakes activities or provides funds, or otherwise supports activities outside Australia.

2 Australian Charities and Not-for-profits Commission Amendment Regulations (No. 2) 2018
Australian registered entities play an important role in providing development assistance, essential services and humanitarian aid to those in need around the world. Unfortunately, there is a risk that criminal organisations may take advantage of registered entities, by misusing funds and providing a cover for, or support of, criminal activities.

The external conduct standards are intended to provide greater confidence that charitable funds sent, and services provided, outside Australia are reaching legitimate beneficiaries and are being used for legitimate purposes. The standards are also intended to prevent a registered entity from being misused by a criminal organisation.

The external conduct standards apply to registered entities in relation to matters both outside Australia and matters not outside Australia but closely related to entities, things or matters outside Australia (such as the management within Australia of overseas aid).

The external conduct standards assist in meeting Australia’s international obligations including under the Financial Action Task Force Recommendations. The steps a registered entity will need to take to comply with the standards will vary according to its particular circumstances, such as its size, the sources of its funding, the nature of its activities (including the extent and importance of its activities outside Australia and resources given to parties outside Australia) and the needs of the public (including members, donors, employees, volunteers and benefit recipients of the registered entity).

The compliance obligations, processes and reasonable steps, specified in or required by, the external conduct standards are to be interpreted having regard to the objects of the Act and the matters the Commissioner must consider in exercising the Commissioner’s powers as listed in section 15-10 of the Act (in particular, the principles of regulatory necessity, reflecting risk and proportionate regulation, as well as the unique nature and diversity of not-for-profit entities and the distinctive role that they play in Australia).

The objects of the Act are: to maintain, protect and enhance public trust and confidence in the Australian not-for-profit sector; to support and sustain a robust, vibrant, independent and innovative Australian not-for-profit sector; and to promote the reduction of unnecessary regulatory obligations on the Australian not-for-profit sector.

50.2 Interpretation
In this Division, the external conduct standards in Subdivisions 50-B and 50-C must be interpreted in a way that is consistent with the objects of the Act and the requirements of section 15-10 of the Act.

50.3 Application
For the purposes of section 50-10 of the Act, the external conduct standards in Subdivisions 50-B and 50-C are specified.

50.4 Application—operating outside Australia
(1) For this Division, a registered entity, or a third party, operates outside Australia if it operates outside Australia in whole or in part.
(2) However, a registered entity does not operate outside Australia only because it carries out activities outside Australia that are merely incidental to the operation and pursuit of a registered entity’s purposes in Australia.

Subdivision 50-B—Standards about public accountability and financial matters

50.20 Standard 1—Activities and control of resources (including funds)

Object

(1) The object of this external conduct standard is to give the public (including members, donors, employees, volunteers and benefit recipients of a registered entity to which the standard applies) trust and confidence that a registered entity is managed in a way that:

(b) minimises the risks to the registered entity’s assets; and
(c) ensures that the registered entity, and its resources, are furthering the registered entity’s purposes; and
(d) ensures that the registered entity is operating in a way that is consistent with its purpose and character as a not-for-profit entity.

Application

(2) This standard applies to a registered entity that is:

(a) operating outside Australia; or
(b) working with third parties that are operating outside Australia.

(i) in accordance with the entity’s purpose and character as a not-for-profit entity; and
(ii) with reasonable controls and risk management processes in place.

Note: Paragraphs (a) and (b) are intended to ensure that a registered entity has procedures in place to manage the risks associated with its own operations and activities. Paragraph (c) is intended to ensure that reasonable controls are in place with respect to resources given to third parties.

(4) The registered entity must comply with Australian laws relating to any of the following:

(a) money laundering;

   (e) details of any documented claims of inappropriate behaviour by the registered entity’s employees or responsible entities outside Australia, and subsequent actions taken by the registered entity as a result.
